## NOTES

Archambault began skating at age 4 for fun and socialization ... Her hobbies include dance, baking, playing with her golden retriever, Sassy, and spending time with her friends ... Her brother, Derek, was a co-captain of an inline hockey team that went to the Junior Olympics in 2000 and placed second in their age division ... Long-term goal is to attend college, but she isn't sure what major she will choose ... Has dealt with several injuries over the past few years, which have kept her off the ice for a long time and delayed her progress. She has had three stress fractures, a fractured rib, and a back injury due to a recent collision on the ice ... She was unable to regain her strength in time to perform well at the U.S. Championships the past two years due to the flu.
